TELETHERAPY CONSENT FORM
(REQUIRED IN THE EVENT TELEHEALTH IS NECESSARY)
Definition of Services:

I, _____, hereby consent to engage in teletherapy with Cal Domingue, LMFT. Teletherapy is a form of psychological service provided via internet technology, which can include consultation, treatment, transfer of medical data, emails, telephone conversations and/or education using interactive audio, video, or data communications. I also understand teletherapy involves the communication of my medical/mental health information, both orally and/or visually.

Teletherapy has the same purpose or intention as psychotherapy sessions that are conducted in person. However, due to the nature of the technology used, I understand that teletherapy may be experienced somewhat differently than face-to-face treatment sessions.

I understand that I have the following rights with respect to teletherapy:

Client's Rights, Risks, and Responsibilities:

1. I, the client, need to be a resident of California. (This is a legal requirement for psychotherapists practicing in this state under a CA license.)
2. I, the client, have the right to withhold or withdraw consent at any time without affecting my right to future care or treatment.
3. The laws that protect the confidentiality of my medical information also apply to teletherapy. As such, I understand that the information disclosed by me during the course of my therapy or consultation is generally confidential. However, there are both mandatory and permissive exceptions to confidentiality, which I have discussed with Cal and agreed to in our initial session(s).
4. I understand that there are risks and consequences of participating in teletherapy, including, but not limited to, the possibility, despite best efforts to ensure high encryption and secure technology on the part of my psychotherapist, that: the transmission of my information could be disrupted or distorted by technical failures; the transmission of my information could be interrupted by unauthorized persons; and/or the electronic storage of my medical information could be accessed by unauthorized persons.
5. There is a risk that services could be disrupted or distorted by unforeseen technical problems.

Cal J. Domingue, LMFT
Licensed Marriage & Family Therapist
MFC39338

6. In addition, I understand that teletherapy-based services and care may not be as complete as face-to-face services.

7. I understand that I may benefit from teletherapy, but that results cannot be guaranteed or assured. I understand that there are potential risks and benefits associated with any form of psychotherapy, and that despite my efforts and the efforts of my psychotherapist, my condition may not improve, and in some cases may even get worse.

8. I accept that teletherapy does not provide emergency services. If I am experiencing an emergency situation, I understand that I can call 911 or proceed to the nearest hospital emergency room for help. If I am having suicidal thoughts or making plans to harm myself, I can call the National Suicide Prevention Lifeline at 1.800.273.TALK (8255) for free 24 hour hotline support. Clients who are actively at risk of harm to self or others are not suitable for teletherapy services. If this is the case or becomes the case in future, my psychologist will recommend more appropriate services.

9. I understand that there is a risk of being overheard by anyone near me if I am not in a private room while participating in teletherapy. I am responsible for (1) providing the necessary computer, telecommunications equipment and internet access for my teletherapy sessions, and (2) arranging a location with sufficient lighting and privacy that is free from distractions or intrusions for my teletherapy session. It is the responsibility of the psychotherapist to do the same on their end.

10. I understand that dissemination of any personally identifiable images or information from the telemedicine interaction to researchers or other entities shall not occur without my written consent.

I have read, understand and agree to the information provided above regarding telehealth:

Client's Signature: _____ Date_____

Therapist's Signature: _____ Date_____
